Complete Guide to Home Canning and Preserving (2009)

Canning is a method of preserving food in which the food contents are processed and sealed in an airtight container. Canning provides a shelf life typically ranging from one to five years, although under specific circumstances it can be much longer. [citation needed] A freeze-dried canned product, such as canned dried lentils, could last as long as 30 years in an edible state.

Yep. Youâ€™ve got that right. Weâ€™re preserving today. I saw a pin over at Pinterest well over a year ago now. Immediately, I knew that I had to try my hand at making homemade Carrot Cake Jam. And, I knew exactly what I was going to bake with it. Soon after, lo and behold, when I was flipping through my Ballâ€™s Complete Book of Home Preserving, I found their recipe and just had to try it.
