Getting more involved with your health care by asking questions, talking to your clinician, and understanding your condition help to reduce the risk of errors and hospital admissions.

Patients & Consumers | Agency for Healthcare Research

Consumer behaviour is the study of individuals, groups, or organizations and all the activities associated with the purchase, use and disposal of goods and services, including the consumer's emotional, mental and behavioural responses that precede or follow these activities. Consumer behaviour emerged in the 1940s and 50s as a distinct sub-discipline in the marketing area. In order to succeed ...

Children now have a powerful market influence. Childhood consumerism is of concern because it seems to be teaching children to value material things more than human relations. Furthermore, a lot of time and money spent marketing and advertising to kids, which requires a use of a lot of resources from around the world. Studies show that advertising to children may not be healthy for them, so ...
