Partnerships to Promote Evidence-Based Practice. Evidence-based practice (EBP) is a process in which the practitioner combines well-researched interventions with clinical experience and ethics, and client preferences and culture to guide and inform the delivery of treatments and services.

EVIDENCE-BASED Practice | Social Work Policy Institute

The purpose of undergraduate social work education at the School of Social Work is to provide a comprehensive educational experience for students that is grounded in a liberal arts tradition and prepares graduates for excellence in the areas of social work practice, policy, social engagement and leadership.

Social Work, School of < University of Illinois

The practice and profession of social work has a relatively modern and scientific origin, and is generally considered to have developed out of three strands. The first was individual casework, a strategy pioneered by the Charity Organization Society in the mid-19th century, which was founded by Helen Bosanquet and Octavia Hill in London, England. Most historians identify COS as the pioneering ...
