

### **extreme sport pdf**

**EXTREME SPORTS** Definition Extreme or adrenaline sports are defined as activities where there is a high degree of risk to the participant. Participants in these sports need a certain skill-set, although under the guidance of an experienced instructor it is not uncommon for novices to participate in extreme sports.

### **Caribbean Niche Markets V3 0**

The physiological and metabolic requirements of different extreme sports vary greatly; thus nutritional requirements across the various extreme sports are diverse. Typically, for extreme sports that are longer in duration such as mountaineering, adventure racing, ultra-endurance activities and expedition-type events, the energy demands are much greater, and thus competitors should plan their dietary needs in advance.
