A Guide to Good Agricultural Practices (GAP) for Crop

Agriculture is the cultivation of land and breeding of animals and plants to provide food, fiber, medicinal plants and other products to sustain and enhance life. Agriculture was the key development in the rise of sedentary human civilization, whereby farming of domesticated species created food surpluses that enabled people to live in cities. The study of agriculture is known as agricultural ...

Gravity thickening is the easiest way to reduce the water content of sewage sludge with low energy consumption. Sludge is pumped directly to a circular tank equipped with a slowly rotating rake mechanism, which breaks the junction between the sludge particles and therefore increases settling and compaction.
