Causes and Control of Loan Default/Delinquency in

Public economics (or economics of the public sector) is the study of government policy through the lens of economic efficiency and equity.. At its most basic level, public economics provides a framework for thinking about whether or not the government should participate in economic markets and to what extent it should do so.

Numerical analysis is the study of algorithms that use numerical approximation (as opposed to general symbolic manipulations) for the problems of mathematical analysis (as distinguished from discrete mathematics). Numerical analysis naturally finds applications in all fields of engineering and the physical sciences, but in the 21st century also the life sciences and even the arts have adopted ...
