I used the information from JCAHPOsâ€™™ Criteria for Certification and Recertification Appendix A to create this study guide. I wanted to make sure that every section and subsections that JCAHPO tested was covered. I then reordered the chapters from the highest percent tested to the lowest percent.

A Medical Assistant is an allied health professional that supports the work of physicians and other health professionals, usually in a clinic setting. Medical assistants also referred as "Clinical Assistant" can become certified through an accredited program usually offered through a junior or community college.

Medical assistant - Wikipedia

A medical scribe is a person, or paraprofessional, who specializes in charting physician-patient encounters in real time, such as during medical examinations. Depending on which area of practice the scribe works in, the position may also be called clinical scribe, ER scribe or ED scribe (in the emergency department), or just scribe (when the context is implicit).
