As part of The University of Texas Health Science Center at Houston (UTHealth), the School of Dentistry's three-part mission of education, patient care and research aims to advance human health by providing high-quality education, patient care and research in oral health for Texas, the nation and the world.

Programs - Advanced Education - UTHealth School of Dentistry

Dental braces (also known as braces, orthodontic cases, or cases) are devices used in orthodontics that align and straighten teeth and help position them with regard to a person's bite, while also aiming to improve dental health. Braces also fix gaps. They are often used to correct underbites, as well as malocclusions, overbites, open bites, deep bites, cross bites, crooked teeth, and various ...
