American imperialism is a policy aimed at extending the political, economic, and cultural control of the United States government over areas beyond its boundaries. It can be accomplished in any number of ways: by military conquest, by treaty, by subsidization, by economic penetration through private companies followed by intervention when those interests are threatened, or by regime change.

American civil religion is a sociological theory that a nonsectarian quasi-religious faith exists within the United States with sacred symbols drawn from national history. Scholars have portrayed it as a cohesive force, a common set of values that foster social and cultural integration. The very heavy emphasis on nondenominational religious themes is quite distinctively American and the theory ...
